

Medium Duty Floor Cable Protector 2 Compartment

Linkable
Lengths supplied with 2 connector pins

Medium Duty 2-compartment Floor Cable Protectors are ideal if segregation is required between cable types; for example to separate mains voltage and low-voltage cables.

Same as all D-Line Medium Duty Cable Protectors, the rear is ribbed to minimise movement on smooth surfaces.

Both cavities offer 12 x 13mm inner capacity.

Supplied with connector pins, so lengths can be joined to make longer runs.
